# 实验三

姓名：黄梓宏

学号：21307355

```
[build] functional-3/052_stmt_expr.sysu.c ........................... 100.00/100.00
[build] functional-3/054_assign_complex_expr.sysu.c ................. 100.00/100.00
[build] functional-3/055_if_complex_expr.sysu.c ..................... 100.00/100.00
[build] functional-3/056_short_circuit.sysu.c ......................... 0.00/100.00
[build] functional-3/057_short_circuit2.sysu.c ........................ 0.00/100.00
[build] functional-3/058_scope.sysu.c .............................. 100.00/100.00
[build] functional-3/059_sort_test1.sysu.c ......................... 100.00/100.00
[build] functional-3/060_sort_test7.sysu.c ......................... 100.00/100.00
[build] functional-3/061_empty_stmt.sysu.c ......................... 100.00/100.00
[build] functional-3/062_side_effect.sysu.c .......................... 0.00/100.00
[build] functional-3/063_nested_calls2.sysu.c ...................... 100.00/100.00
[build] functional-3/064_while_if.sysu.c ........................... 100.00/100.00
[build] mini-performance/00_bitset1.sysu.c ........................... 0.00/100.00
[build] mini-performance/01_mm1.sysu.c ............................... 0.00/100.00
[build] mini-performance/crypto-1.sysu.c ............................. 0.00/100.00
[build] mini-performance/dead-code-elimination-1.sysu.c ............ 100.00/100.00
[build] mini-performance/fft0.sysu.c ................................. 0.00/100.00
[build] mini-performance/hoist-1.sysu.c .............................. 0.00/100.00
[build] mini-performance/if-combine1.sysu.c .......................... 0.00/100.00
[build] mini-performance/instruction-combining-1.sysu.c ............ 100.00/100.00
[build] mini-performance/integer-divide-optimization-1.sysu.c ...... 100.00/100.00
[build]
[build] task3
[build] 总分（加权）：87.67/100.00
[build] ============================================================================
[build] 成绩单已保存：/root/SYsU-lang2/build/test/task3/score.txt
[build] JSON 格式：/root/SYsU-lang2/build/test/task3/score.json
[driver] 生成完毕：00:00:10.030
[build] 生成已完成，退出代码为 0
```
